Boxster S with rear side air-intake grilles, painted; side mirror lower trim, painted; headlight-cleaning system covers, painted; supplemental safety roll bar, painted; seat belts in Guards Red, and wheels painted black

Philosophy

Porsche Exclusive.

100 percent Porsche. 100 percent you.

For more than 25 years, a passion for detail, and an unwavering devotion, have been at the heart of Porsche's formula for success. It is what motivates Porsche Exclusive to craft something completely extraordinary. It's how original and unique cars continue to be made available directly from the factory.

How does Porsche do it? Through originality, inspiration, and enthusiasm, beginning as early as the consultation stage. Focusing on what is most important: your particular wishes and requirements. With composed attention to detail that translates into precise craftsmanship, and by using the highest-quality materials such as Leather, Alcantara®, Carbon, Wood, and Aluminum.

Added value is achieved through dedication and finesse. In other words, we create a product that blends sporty performance, comfort, and style, and reflects your own personal taste. A Porsche like no other: yours.

Porsche Exclusive offers a wide range of personalization options. Through this, you can make further refinements to your Porsche. With visual and technical enhancements for the interior and exterior, from a single alteration to extensive modifications, you can make it even more individual than it was before.

We also have a wealth of experience. Since the very beginning, we have been dedicated to giving customers the opportunity to personalize their vehicles as part of our Special Request Service.

Material composition: Leather, Carbon, Wood, and Aluminum

Exclusive examples

Sometimes, it's a fraction of a second that counts.

Sometimes, it's a fraction of an inch.

Porsche Exclusive is the ultimate in personalization, offering a wide range of styling options, meticulous precision, and genuine exclusivity.

Whether your wish is to make your Porsche sportier, more comfortable, or even more individual, Porsche Exclusive can help. Our goal is to create something truly special. During the consultation and planning phases, you can be assured that the utmost care will be taken to ensure that your wishes are met, and with only the finest materials. Through Porsche Exclusive, it is possible for you to have a vehicle that is tailor-made the way you envisioned, down to the finest detail and its own unique character that reflects your particular lifestyle.

For your inspiration, the following pages feature two customization examples from Porsche Exclusive.

Would you like an interior finished in high-quality Leather with selected details painted in the exterior color of your car? How about a PDK gear selector in Aluminum, or painted wheels? You tell us what you want and we will do our best to give it to you—provided, of course, that it is technically feasible and does not compromise quality.

Boxster S with side mirror lower trim, painted; lower rear fascia, painted; supplemental safety roll bar, painted; and wheels painted exterior color

PORSCHE
Boxster S

Boxster S

Boxster S

Guards Red

**A symbol of freedom.
Creative freedom, too.**

The Boxster was first unveiled at the Detroit Auto Show in 1993. Like all other Porsche cars, it manages to combine seemingly contradictory notions with complete success: tradition and innovation, performance and practicality, style and function. All of which reflects the art of Porsche engineering.

There are many appropriate descriptions for the Boxster. Whether it is known as a design classic, a powerful sports car, or a pure-bred roadster, the Boxster does full justice to the legendary Porsche cars of the past: from the 356 No. 1 and the 550 Spyder to the 718 RS 60 Spyder.

To ensure that this holds true in the future, we have further refined the Boxster with a sporty yet harmonious exterior and interior design, lightweight construction, innovative technologies, and increased power output, while also enhancing efficiency. In other words, Intelligent Performance.

What was our motivation? Driving pleasure, of course, and a clear dedication to freedom. A freedom that you also enjoy with the personalization options available to you. The Boxster S in Guards Red is a perfect example of our idea of customization.

1 Side mirror lower trim, painted; rear fascia, painted; and 20-inch SportTechno wheels

2 20-inch SportTechno wheels

3 Carbon interior package, steering wheel in Alcantara®, center console in Carbon, PDK gear selector in Alcantara®, and Sport Chrono clock dial in Guards Red

1

2

Creative freedom is given to even the most subtle details. On the Boxster S in Guards Red, for example, the headlight-cleaning system covers are painted in the same color as the vehicle exterior. The rear side air-intake grilles and the rear fascia also have a painted finish, which further enhances the sporty look.

The car's extremely imposing appearance is emphasized by 20-inch SportTechno wheels with a dynamic five-spoke design.

Sportiness is also the theme of the interior. This is accentuated above all by two materials: Carbon and Alcantara®. An expressive effect has been achieved

by the use of Carbon on selected items such as the center console trim and the decorative trims on the dashboard and door panels. Alcantara® is featured on the finish of the PDK gear selector. This authentic motorsport material is non-slip and particularly easy to clean.

The high-quality Agate Grey Leather interior reinforces the design's clear sense of purpose. The seat belts and ignition key are finished in the same color as the vehicle exterior: Guards Red. Also in Guards Red is the Sport Chrono stopwatch instrument dial. These may be only details, but they are what make the difference.

1 Center console trim in Carbon

2 PDK gear selector in Alcantara®

3 Sport Chrono clock dial in Guards Red

4 Supplemental safety roll bar, painted; steering wheel in Alcantara®; vehicle key, painted; rear side air-intake grilles, painted; side mirror lower trim, painted; rear fascia, painted; and 20-inch SportTechno wheels

Boxster S

White

An independent spirit.

The Boxster S in White is an expression of independence in its purest form. Embodying the spirit of the pure-bred roadster, it is more agile, more unyielding, and more powerful than ever before, yet it is incredibly elegant at the same time.

Its open top demonstrates freedom, its exterior color represents timelessness, and, as you will see, the possibilities for individual styling preferences direct from the factory are extremely vast.

The covers of the headlight-cleaning system are painted in the exterior color of the vehicle. These are complemented by the paint finish on the exterior mirror lower trims. The rear side air-intake

grilles, also painted in the exterior color, add the finishing touch.

The large 20-inch Carrera S wheels are painted entirely in Platinum (semi-gloss), as an unmistakable sign of sporty elegance.

Elegance is indeed a key theme of the Boxster S in White. In the interior, this has been achieved by the use of exclusive materials. Mahogany is a valuable fine wood that demands highly skilled craftsmanship and a passion for detail. It is used as a finish for the decorative trims of the dashboard and door panels, on the gear shifter, and on the multifunction steering wheel. This is how to give your Boxster a clear direction—your own.

1 Rear side air-intake grilles, painted; side mirror lower trim, painted; headlight-cleaning system covers, painted; and wheels painted in Platinum (semi-gloss)

2 Side mirror lower trim, painted

3 Mahogany interior package, multifunction steering wheel in Mahogany (heated), center console trim in Mahogany, storage lid with crest, and air-vent slats in Leather

1

2

The Luxor Beige Leather interior has timeless and classic appeal. Yet, with some selective and exclusive details, you can also make it as individual as you want it to be. The steering-column casing, the seat-belt buckles, and the slats on the air vents have all been covered in Leather. Even the personalized floor mats feature a Leather edging. The headrests on the Sport Seats Plus and the storage compartment lid have been embossed with the Porsche Crest.

As you can see, when it comes to styling your Boxster, you have all the freedom you could possibly wish for, provided that your requirements are technically feasible and meet Porsche quality standards.

In the end, independence is more than just a feeling. It is a lifestyle that makes it possible to have a mind of one's own, to make one's own decisions, and to live one's own life.

Where better to enjoy this freedom than in a roadster styled personally by you?

1 Storage compartment lid with Porsche Crest, and seat-belt buckles in Leather

2 Air-vent slats in Leather

3 Mahogany interior package with multifunction steering wheel in Mahogany (heated)

4 Rear side air-intake grilles, painted; side mirror lower trim, painted; wheels painted in Platinum, and supplemental safety roll bar, painted

Colors and materials

Exceptional, exquisite, excellent.

In a word: Exclusive.

We offer a comprehensive selection of colors and materials for you to choose from when designing your new Porsche. A range of colors to sample for the interior and exterior is available, as are high-quality materials such as Leather, Alcantara®, elegant Mahogany, Carbon, and Aluminum to enhance the interior. You can find out what is possible at your Authorized Porsche dealer. Alternatively, an appointment with our specialists who can provide you with private Exclusive design advice to create your distinctive Boxster.

Paint in color to sample

Leather in color to sample

Leather

Leather is a traditional natural material—a true classic.

Alcantara®

This high-quality material is easy to care for, washable, and has excellent non-slip properties.

Mahogany¹

Mahogany is a dark, fine Wood. Its fine grain gives it a very modern and elegant look.

Carbon

Carbon is a light, highly durable material which has its origins in motorsport. Its performance look is the ideal complement to the engineering of the Boxster.

Aluminum

Brushed Aluminum accents give the interior a sporty, minimalist appearance.

¹Since Wood is a natural product, there may be variations in color and grain.

Exclusive expertise

When did a dream last seem so real?

Lateral thinking and finding one's own way. At Porsche, this approach was destined to lead us in an entirely different direction. Indeed, an exclusive one. It was a direction toward limited-edition production runs and custom-built designs, which were piloted in the early 1980s with the 935 Street as part of the Porsche "Sonderwunschprogramm" Special Request Service. In 1986, the service was renamed Porsche Exclusive, and this is how the dream lives on today.

To celebrate the 25th anniversary of Porsche Exclusive, we resumed our tradition of the limited production run with a car that, once again, showed exactly what we can do. It is a car that takes you back to the origins of the dream and pays tribute to the first-ever Porsche model: the Porsche 356. This is also why we decided to limit production to exactly 356 cars. We called it the 911 Speedster.

The 911 Speedster may have been limited in quantity, but your dreams are not. With the Porsche Exclusive program, you can personalize your Porsche to your own requirements. These options include the extras featured on the 911 Speedster. Do you want a PDK gear selector and handbrake lever in Aluminum, exterior mirror attachment point finishers and lower trims with a black-painted finish, or door-entry guards with a personalized logo? Almost anything is possible.

This is the way in which unique cars continue to be made, and how dreams come true. Perhaps your dream will be next.
