Tequipment 911
Accessories for the new 911 model range

**All muscle.
And all Porsche DNA.**

Thinking laterally and breaking boundaries. Never standing still and never making do. Continually striving to improve every last detail and always highly motivated. These are characteristics that distinguish not only you, but also the Porsche development team in Weissach. Whether it's the designer or the engineer, each member of the team is committed to getting the best out of absolutely everything. That philosophy

extends to the Tequipment program, where you can further personalize your 911 sports car with model-specific products after you have taken delivery.

All Porsche Tequipment products are designed with the complete vehicle in mind and by the same Porsche engineers and designers who also develop the vehicles themselves.

As with the cars we create, all of our accessories undergo rigorous testing during their development. From design through approval, we thoroughly scrutinize important elements, from safety to performance, and from fitness for purpose to durability. The result is a uniquely designed 911 with true Porsche DNA.

The AeroKit Cup typifies this thinking, sporting a new front fascia with a refined front spoiler and modified spoiler lip, as well as a revised rear spoiler with a fixed-wing profile. What makes this package even more special? The AeroKit Cup can be retrofitted even if your vehicle came ready-equipped with a SportDesign front fascia or SportDesign package. This is because their modular design enables them to be seamlessly combined.

Whether you wish to enhance its performance, refine its style, or add comfort features, it is never too late to give your Porsche an extra-personal touch.

Whichever Tequipment products you ask your Authorized Porsche dealer to install, your Porsche vehicle will always be the masterpiece that the developers in Weissach envisaged it to be.

For peace of mind, you can rest assured that your original warranty will not be affected.

For more information about Porsche Tequipment, please contact your Authorized Porsche dealer or visit porscheusa.com.

Exterior 5

Express your sporty inner attitude and accentuate the toned physique of your 911 sports car. The Aerokit Cup, sport exhaust system, and wheel options are just a few of the products available from Porsche Tequipment.

Interior 21

Inner values matter. Whether your emphasis is on performance, style, or classic appeal, we can turn your ideas into reality, and your 911 will always be 100 percent Porsche.

Audio and communication 31

A Porsche without intelligent communication systems? Unimaginable.

Transport and car care 35

Your Porsche can carry much more than the motorsport enthusiast inside it. We offer a range of transport accessories, and cater for your car-care needs.

Contents

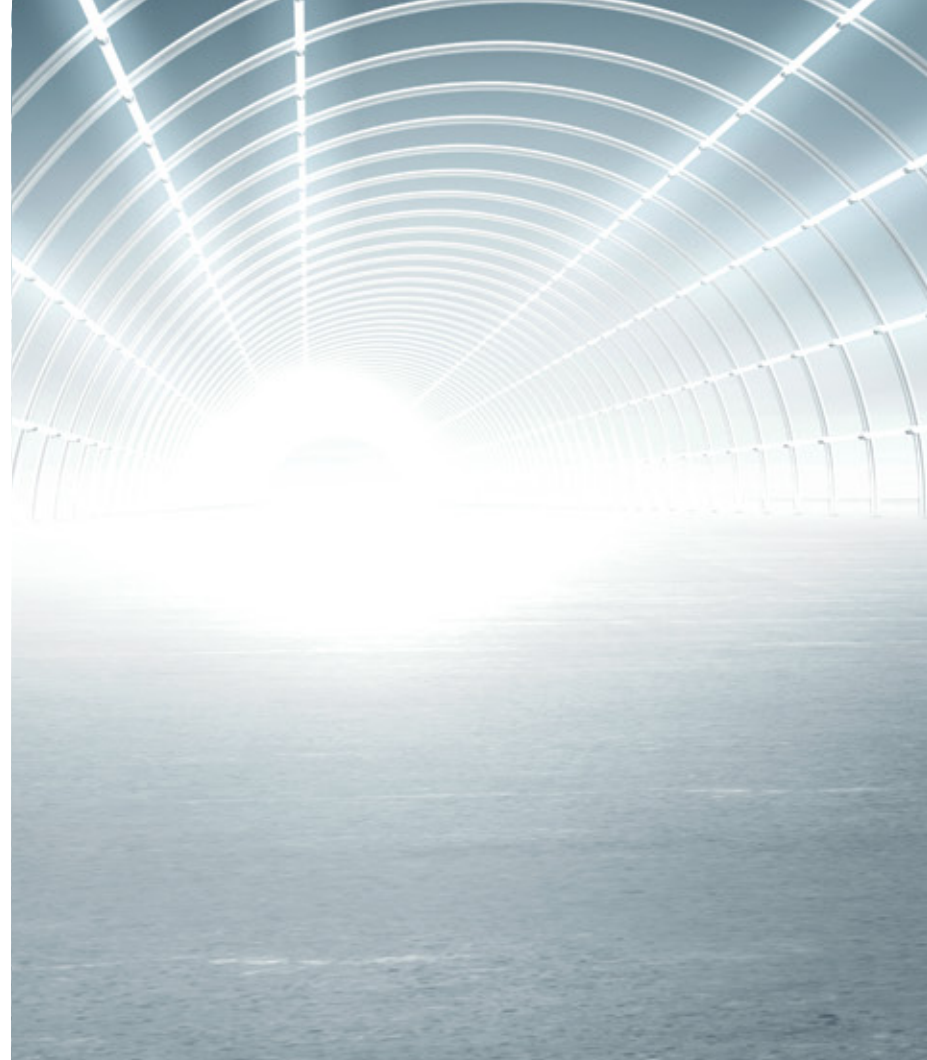

There's nothing over-elaborate or fanciful about our accessories. They integrate with the vehicle to form a harmonious whole.

1963 saw the first-ever Porsche 911 sports car. Styled the way we envisioned.

Today sees the latest 911. Styled the way we—and you—envision. A fully personalized 911 can be your dream come true.

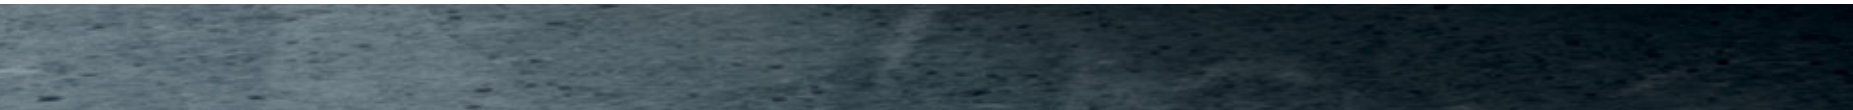

With the Porsche Tequipment range of accessories, you can make your 911 even more distinctive. Whether you opt for the Aerokit Cup, sport exhaust system, sport tailpipes, or new wheels, the decision is entirely yours. The following pages will show you everything that's possible.

All accessories available from Porsche Tequipment were developed in parallel with the 911 itself. How else could we have achieved such a harmonious combination?

Exterior

It's nice when you can keep dreaming the dream.

[1] SportDesign front fascia

Components have been purposefully refined in the Porsche wind tunnel to reduce lift. The newly styled front fascia with distinctive spoiler lip creates an uncompromisingly sporty appearance.

If your vehicle is already equipped with the SportDesign front fascia, there is still possibility for further enhancement with the AeroKit Cup available from Porsche Tequipment. Only for 911 Carrera Coupe models.

w/o ParkAssist front: 991 044 800 81
w/ ParkAssist front: 991 044 800 83

Note: Reduces ground clearance.

[2] SportDesign package

The SportDesign package includes not only the SportDesign front fascia with distinctive spoiler lip, but also a rear spoiler that emphasizes the ultra-sporty look of the new 911 model range and helps to reduce lift.

If your vehicle is already equipped with the SportDesign package, there is still room for further enhancement with the Aerokit Cup available from Porsche Tequipment. Only for 911 Carrera Coupe models.

w/ ParkAssist front: 991 044 800 87

Note: Reduces ground clearance. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately.

[1] Aerokit Cup

This package comprises the SportDesign package (SportDesign front fascia and rear spoiler) as well as a modified front spoiler lip and a fixed-wing profile on the rear spoiler. Tested and refined in the Porsche wind tunnel,

the components increase downforce on both axles and improve handling. They also emphasize the 911 sports car's performance heritage.

w/ ParkAssist front: 991 044 800 91

Note: Reduces ground clearance. To preserve aerodynamic stability, front and rear spoilers may not be fitted separately. Only for 911 Carrera Coupe models.

[2] Sport exhaust system

The typical Porsche sound—powerful, robust, and sporty. Better still, it can be further enhanced with the sport exhaust system, featuring a modified silencer and specially designed dual-twin tube tailpipes. The sound varies with driving behavior, ranging from a robust output during normal road driving to a

distinctively more aggressive tone during performance use. The specially designed tailpipes are included as standard.

Porsche has kept its feet on the ground since 1948.

The wheels from Porsche Tequipment make an impression by combining aesthetics, dynamic performance, and safety. Styled and tested without compromise, they are the perfect complement to your 911 sports car.

[1] 20-inch SportDesign wheels with summer tires

Set of one-piece alloy wheels with motorsport-derived multispoke design and optimized for low weight, thanks to flow-forming technology.

[2] 20-inch SportTechno wheels with summer tires

Set of one-piece alloy wheels optimized for low weight, using flow-forming technology. Center spokes with GT Silver Metallic paint finish and front surfaces with high-gloss polished finish.

[3] 20-inch Carrera S wheels with summer tires

Set of alloy wheels with an elegant dual five-spoke design. Dynamic and powerful—just like your Porsche vehicle.

[4] 20-inch Carrera S wheels painted Platinum with summer tires

Your Porsche delivers excellent dynamic performance, and so do these wheels. The 20-inch Carrera S wheels with summer tires and a paint finish in Platinum color emphasize the performance character of your car and give it even more individuality. Includes wheel centers with full-color Porsche Crest.

[5] 20-inch Carrera S wheels painted black (high-gloss) with summer tires

A high-gloss black-painted finish on the wheels (excluding rim) creates an imposing look and makes the overall appearance of the 20-inch Carrera S wheels even more powerful. Includes wheel centers with full-color Porsche Crest.

[6] 20-inch Carrera Classic wheels with summer tires

Sporty alloy wheels with 10-spoke two-tone design. Titanium-colored paint finish with high-gloss polished front surfaces. The intricate spokes provide a clear view of the Porsche brake system.

[7] 20-inch Carrera S wheels with winter tires

The five closed-end, dual-arm spokes of these wheels will accentuate the ultra-sporty appearance of your 911 sports car, while the winter tires offer improved traction in cold weather.

[8] 19-inch Carrera wheels with winter tires

This wheel and tire set featuring five-spoke 19-inch Carrera wheels and winter tires is as instantly appealing as your Porsche. The wheels impress with their functional design and sporting elegance, while the winter tires offer improved traction in cold weather.

Note on the use of winter tires:

Summer tires provide optimal performance at ambient temperatures above 44°F. Below this point, the tire compound begins to harden, and braking distances are increased. We

therefore recommend that you fit winter tires during the colder months of the year. Only then can you enjoy the highest standards of active safety

from your 911 sports car. All winter tires approved by Porsche are identified by an “N” designation on the sidewall.

**Your 911 is a technical masterpiece.
Communication technologies included.**

Tradition and innovation, style and functionality, performance and everyday practicality. The 911 combines them all. It's what you expect from a Porsche.

The 911 embodies passion for the sports car like almost no other vehicle. It is a demonstration of engineering excellence. The interior is no different, which features intelligent communication equipment from Porsche Tequipment. This has an important role to play on the road by helping you to reach your destination quickly and safely. The sporty way.

Audio and communication

[1] Electronic logbook

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point, and destination as part of every journey. Once you have downloaded

the logbooks from the PCM via Bluetooth® or the USB interface, the data can be evaluated on your home PC using the software supplied.

Part no: 958 044 900 29

[2] Telephone module

The optional quad-band GSM telephone module offers convenience and excellent reception. By inserting a SIM card directly into the integral SIM card

reader of the PCM, calls can be made using the hands-free feature or the Bluetooth® capability of a mobile phone.

Part no: 991 044 900 31

[3] Voice-control system (not shown)

Many of the functions of the PCM can be activated by voice control. The system recognizes commands or figure sequences, irrespective of the speaker.

It gives audible feedback and guides you through the functions. Without needing to “train” the system, phone book entries can be retrieved, a radio station selected, or the navigation destination entered

directly by speaking whole words rather than dictating just one letter at a time.

Did you expect our transport and car-care accessories to offer anything less than supreme performance?

The 911 sports car and roof attachments? That may sound like a contradiction, but it isn't. Not when our favorite pastime is reconciling seemingly contradictory thoughts. You can drive your Porsche and bring your gear along for the ride.

After some heavy lifting, your Porsche deserves a rest and some TLC. The following pages will show you everything we have to offer, from car covers to microfiber cleaning cloths.

Transport and car care

An intense passion for the 911 can develop at an early age.

Ask a child to draw a sports car, and you will be amazed at how often the silhouette of the 911 appears before your eyes. Traveling in a Porsche is

not just for grown-ups. With Porsche Tequipment child seats, it's for the little ones too. Now passengers below the age of 12 need never miss out.

[1] Porsche child seats

Porsche child seats meet strict safety standards. Specially designed, tested, and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable, hypoallergenic, and easy to clean, with a removable and washable cover in black and grey with contrasting red trim. The Porsche child seats can be fixed conveniently and safely in the rear seat using a preparation kit via the LATCH mounting brackets. For increased safety, the Porsche Baby and Porsche Junior Seats have an independent five-point belt system.
